RE: Proposed Wynn Development and Freedom of Information Request for Public Records

Dear Mayor DeMaria, City Clerk Matarazzo and Keeper of the Records:

As you are aware, the proposed development of the Wynn casino will have significant impacts on the City of Boston, including impacts on our roads, waterways, businesses, visitors, environment, and the quality of life of our residents, with a particularly prominent impact on the Charlestown community. It is of the highest priority that we understand this development and these forceful impacts. But to date our information requests have been ignored and disregarded by the Wynn development. We now turn to you, as fellow public servants, and request information that is so important to our community. This development must be understood. The boundaries of this development must be detailed. The City of Boston's status regarding this development must be particularly and extremely clear.

Pursuant to the Freedom of Information Act, and the applicable Massachusetts public records law, the City of Boston is requesting all studies, reports, analysis and information about the proposed Wynn casino, including: (1) all transportation and traffic studies, (2) site plans, (3) the draft Municipal Harbor Plan, as it is critical to the proposed development, (4) all environmental analysis of the site and this development, (5) any documentation on the proposed Redevelopment Authority, (6) documents on the redevelopment of the Broadway area, and documents pertaining to a comprehensive analysis of existing conditions and outlining land acquisitions and dispositions in the proposed Wynn development area, and (7) any and all other relevant information regarding the proposed Wynn development.

If your office is not the keeper of the records for these documents please forward this request to the appropriate City office. If there is a charge associated with this request, please notify me beforehand. If any documents pursuant to this request are not public records please notify me of the applicable exemption.

Thank you for your attention to this matter. Please do not hesitate to contact me should you have any questions.

Very truly yours,

Elizabeth Dello Russo
Executive Director, Advisory Committee
