

Dear Secretary Solis:

I am writing in support of Boston Mayor Menino's "Blue in Green" Pathways out of Poverty proposal in partnership with the Boston Private Industry Council which will provide job training, connections to green jobs, educational upgrading, and career counseling, enabling people to have a real chance at a career in this emerging industry. My neighbors and I believe that this program can make a real difference for us. As our neighborhoods "go green" and jobs are created in this effort to improve the environment, we want to be part of the Obama administration's green workforce. We will take full advantage of this unique opportunity from the American Recovery and Reinvestment Act if Boston is awarded these funds.

Respectfully,
