The Design Review Committee will present summaries of applications and make recommendations for a vote at the Boston Landmarks Commission hearing.

**Administrative Review / Approval:**

In order to expedite the review process, the commission has delegated the approval of certain work items, such as those involving ordinary maintenance and repair, restoration or replacement, or which otherwise have a minimal impact on a building's appearance, to the staff pending ratification at its monthly public hearing. **Having been identified as meeting these eligibility criteria, the following applications will be approved at the full meeting of the Boston Landmarks Commission.**

Applicants listed under Administrative Review **NEED NOT APPEAR** at the hearing. Following the hearing, please present a copy of this agenda at the Inspectional Services Department (1010 Massachusetts Avenue) when applying for permits. ISD personnel will send an electronic copy of your building-permit application to the Environment Department. (To avoid potential confusion, the text of your building-permit application should be consistent with the project description given below.) Commission staff will accordingly authorize the execution of the work, attaching any applicable provisos, reflecting the relevant guidelines and precedents.

**PLEASE NOTE that no further correspondence will be issued for the applications listed below:** the electronic building-permit application as annotated by commission staff will constitute your Certificate of Appropriateness.
