**Community Meeting –
Commonwealth Ave Bridge Replacement Project
Thursday, June 2
6:00 PM – 8:00 PM**

**Jacob Sleeper Auditorium (CGS 129)
Boston University
871 Commonwealth Avenue, Boston**

Please join the Massachusetts Department of Transportation (MassDOT) at a community meeting on Thursday, June 2, for an introduction to the Commonwealth Avenue Bridge Replacement Project. MassDOT and project team representatives will describe the project and its construction plans and respond to questions. All are welcome to attend.

The project will replace the concrete deck and steel beams that carry Commonwealth Avenue and the MBTA Green "B" Line over I-90 and the MBTA Commuter Rail. The replacement will restore the deteriorating bridge while adding functional and safety improvements, including relocated utilities, a revised bike lane layout and extensive pedestrian upgrades. There will be two intensive construction shutdown periods, which are projected to take place in summer 2017 (18 ½ days in July/August) and summer 2018 (15 ½ days in July/August). Utility work is in progress to prepare for the project and will continue between shutdowns.
