Dear Commissioners:

I recommend that the following matter, referred to as the Boston Transportation Department agenda, be heard by the Commission at its June 15, 2016 meeting:

James Gillooly New Business and Presentation of the Traffic Signal Improvement at 10 Intersections Project (BTD)

Presenter: James Gillooly, Deputy Commissioner, Boston Transportation Department

The Boston Transportation Department ("BTD") and its project team will present an overview of the Traffic Signal Improvement at 10 Intersections Project ("the Project") and explain the Department's request to the Public Facilities Commission ("the PFC") for future assistance. BTD anticipates seeking a delegation of authority from the PFC, pursuant to its powers under Chapter 642 of the Acts of 1966, at a future meeting to complete orders of taking, on behalf of the City of Boston, for temporary construction easements and permanent sidewalk easements concerning properties abutting six intersections in the East Boston, South End, Mattapan, Dorchester, and Roslindale neighborhoods.
