Resolution Recognizing Boston Fashion Week
By Boston City Councilor Salvatore LaMattina

OFFICIAL RESOLUTION

Be it resolved, that the Boston City Council extends its
Congratulations and Appreciation to:

**The Participants and Organizers of
Boston Fashion Week**

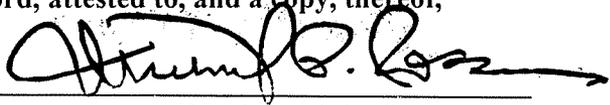

Boston Fashion Week was founded in 1995 with the purpose to build a stronger fashion community and to focus public attention on the great wealth of talent available locally. This highly anticipated Boston tradition is dedicated to celebrating local style and the citizens who make it happen.

The annual Boston Fashion Week effort is led by leaders in the local fashion community who have been instrumental in the cultivation of the next generation of talent. These dedicated individuals have contributed to its tremendous growth and success.

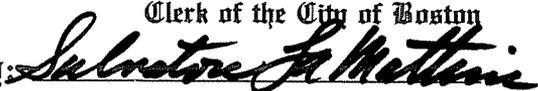

Each year, Boston Fashion Week is infused with new students, professionals, and admirers, contributing to a sense of civic pride about what the region has to offer and how it continues to evolve.

I would like to extend my personal support for this exciting annual event and to thank all the organizers and contributors for their continued passion for celebrating Boston Fashion.

The Boston City Council, herein assembled, extends its best wishes to Boston Fashion Week for continued success. This resolution shall be duly signed by the President of the City Council and be made part of the Official City Record, attested to, and a copy, thereof, transmitted by the Clerk of the City of Boston
