TO THE CITY COUNCIL

Dear Councilors:

I retransmit herewith an appropriation order for the Boston Public Schools for Fiscal Year 2015, in the amount of \$974.9 million, submitted pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, as further amended by Chapter 701 of the Acts of 1986, Chapter 613 of the Acts of 1987, and Chapter 108 of the Acts of 1991.

The FY15 budget, which represents a \$37 million increase over the current year's budget, provides the financial support for many key investments including expanding our nationally recognized early education program by more than 100 new K1 seats; extending hiring autonomy to schools to attract, hire, retain and develop, talented teams of highly-qualified, diverse educators; and investing in technology to support engaging 21st century teaching and learning for our teachers, families and students through the Laptops for Learning program and the Student Information System. Total Weighted Student Funding (WSF) allocations to schools will also increase by over \$5 million in FY15.

Rising costs and reductions in federal and state funding presented significant challenges for BPS in developing the FY15 budget. These challenges are also providing the opportunity for BPS to assess and realign its services to meet the needs of all of our students and strengthen the quality of teaching and learning in every classroom and every school.

As members of the Boston School Committee and Interim Superintendent McDonough remarked many times during the School Committee budget hearings, the level of deep, thoughtful parent and student engagement we have seen during the BPS budget process is the highest it has been in forty years. Parents, teachers, administrators and students recognize that this budget includes difficult choices that allow us to invest in academic success.

I respectfully request your support of the FY15 appropriation for the Boston Public Schools.

Sincerely,

Martin J. Walsh
Mayor of Boston

Dear Councilors:

I transmit herewith for your approval, an order appropriating \$40,000,000 to the Other Post Employment Benefits (OPEB) Liability Trust Fund authorized under Chapter 32B, §20, as added by Chapter 479 of the Acts of 2008. Your annual approval of the OPEB contribution will bring the total aggregate amount appropriated toward the City's and Public Health Commission's unfunded liability to \$264 million.

The most recent OPEB actuarial valuation as of June 30, 2013, estimated the City's unfunded liability at \$2.1 billion. This updated valuation represents a significant decrease from the \$3.1 billion unfunded liability estimated in the 2011 valuation. The primary drivers of this decrease include lower health care cost trends and a significant migration of retirees into lower-cost Medicare plans as a result of requirements in Municipal Health Care reform legislation enacted by the state legislature in 2011.

Currently 9% funded, the City remains steadfast in its commitment to manage this long-term liability responsibly. We will continue to work with our unions to ensure the sustainability of health care benefits within the means of the City's budget, both now and in the future.

Sincerely,

Martin J. Walsh
