

ANNOUNCEMENT

Effective March 4, 2016, all live entertainment hearing requests may be scheduled after Boston Licensing Board hearings, while license application is pending at the Alcoholic Beverage Control Commission (ABCC).

In the interest of public efficiency, establishments should, if possible, be able to pick up both their liquor and entertainment licenses at the same time.

Also, we welcome any suggestions from licensees regarding how we may better serve our public. It is our intention to make your experience with the Entertainment Division one that is pleasant, professional and courteous.

Welcome to Boston!

Christine A. Pulgini, Esq.
Executive Director
