

PUBLIC ALLEY 543

PUBLIC MEETING

*Hosted By: Boston Public Works Department
Partnered with: The Mayors Office of Neighborhood Services*

Tuesday, August 20, 2013

6:00 P.M.

METHUNION MANOR COOP
375 Columbus Avenue, South End
Unit 105

Please join your neighbors to discuss the “greening” of Public Alley 543. The purpose of the project consists of reconstructing the alley with porous materials so that stormwater can flow into the ground and eliminate sending untreated rainwater into Boston Harbor. An additional benefit for this project will be the recharging of the groundwater.

Contact: Bill Egan, PE Chief Civil Engineer
