SECTION 5. *Limitation on Issuance of Building Permit.*—No permit shall be issued by the building commissioner for the construction of any structure in the historic Beacon Hill district or the reconstruction, alteration or demolition of any structure now or hereafter in said district, except in cases excluded by section nine of this act, unless the application for such permit shall bear a certificate under section six of this act that no exterior architectural feature is involved or shall be accompanied by a certificate of appropriateness issued under section seven of this act.

SECTION 6. *Certificate of Non-applicability of Statute.*—Except in cases excluded by section nine of this act, every

person about to apply to the building commissioner for a permit to construct any structure in the Historic Beacon Hill District or to reconstruct, alter or demolish any structure now or hereafter in said district shall deposit with the secretary of the commission his application for such permit together with such plans, specifications and other material as the commission may from time to time prescribe. Within eight days thereafter, Saturdays, Sundays and legal holidays excluded, the commission or such commissioner or commissioners as the commission may from time to time designate so to do shall consider such application, plans, specifications and other material and determine whether any exterior architectural feature is involved. If it is so determined that no exterior architectural feature is involved, the secretary of the commission shall endorse on the application forthwith a certificate of such determination and return the application, plans, specifications and other material to the applicant.

[Section 6 in the above form was inserted by Section 3 of Chapter 429 of the Acts of 1965, approved May 5, 1965, effective June 4, 1965. The prior provision was as follows:

Within five days thereafter, Saturdays, Sundays and legal holidays excluded, the commission shall consider such application, plans and specifications and determine whether any exterior architectural feature is involved. If the commission determines that no exterior architectural feature is involved, it shall cause its secretary to endorse on the application forthwith a certificate of such determination and return the application, plans and specifications to the applicant.]

SECTION 7. *Certificate of Appropriateness.*—No person shall construct any exterior architectural feature in the historic Beacon Hill district, or reconstruct, alter, change the exterior color of or demolish, any such feature now or hereafter in said district, until such person shall have filed with the secretary of the commission an application for a certificate of appropriateness in such form and with such plans, specifications and other material as the commission may from time to time prescribe and a certificate of appropriateness shall have been issued as hereinafter provided in this section.

[The words "alter, change the exterior color of or demolish," in the above paragraph were inserted in place of the words "or alter" by Section 2 of Chapter 314 of the Acts of 1958, approved May 7, 1958, effective June 6, 1958.]

Within eight days after the filing of an application for a certificate of appropriateness, Saturdays, Sundays and legal holidays excluded, the commission or such commissioner or commissioners as the commission may from time to time designate so to do shall determine the estates deemed by it to be materially affected by such application and, unless a public hearing on such application is waived in writing by all persons entitled to notice thereof, shall forthwith cause its secretary to give by mail, postage prepaid, to the applicant, to the owners of all such estates as they appear on the then most recent real estate tax list, and to any person filing written request for notice of hearings, such request to be renewed yearly in December, reasonable notice of a public hearing before the commission on such application.

[The above paragraph in the above form was inserted by Section 4 of Chapter 429 of the Acts of 1965, approved May 5, 1965, effective June 4, 1965. The prior provision was as follows:

Within five days after the filing of an application for a certificate of appropriateness, Saturdays, Sundays and legal holidays excluded, the commission shall determine the estates deemed by it to be materially affected by such application and, unless a public hearing on such application is waived in writing by all persons entitled to notice thereof, shall forthwith cause its secretary to give by mail, postage prepaid, to the applicant, to the owners of all such estates as they appear on the then most recent real estate tax list, and to any person filing written request for notice of hearings, such request to be renewed yearly in December, reasonable notice of a public hearing before the commission on such application.]

As soon as conveniently may be after such public hearing or the waiver thereof, but in all events within thirty* days, Saturdays, Sundays and legal holidays excluded, after the filing of the application for the certificate of appropriateness, or within such further time as the applicant may in writing allow, the commission shall determine whether the proposed construction, reconstruction, alteration, change in exterior color or demolition** of the exterior architectural feature involved will be appropriate to the preservation of the historic Beacon Hill district for the purposes of this act, and whether, notwithstanding that it may be inappropriate, owing to conditions especially affecting the structure involved, but not affecting the historic Beacon Hill district generally, failure to issue a certificate of appropriateness will involve a substantial hardship to the applicant and such a certificate may be issued without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this act. In passing upon appropriateness, the commission shall consider, in addition to any other pertinent factors, the historical and architectural value and significance, architectural style, gen-

eral design, arrangement, texture, material and color of the exterior architectural feature involved and the relationship thereof to the exterior architectural features of other structures in the immediate neighborhood.

[The word "thirty" at the point marked * in the above paragraph was inserted in place of the word "twenty" by Section 5 of Chapter 429 of the Acts of 1965, approved May 5, 1965, effective June 4, 1965. If the commission determines that the proposed construction, reconstruction, alteration, change in exterior color or demolition* of the exterior architectural feature involved will be appropriate or, although inappropriate, owing to conditions as aforesaid, failure to issue a certificate of appropriateness will involve substantial hardship to the applicant and issuance thereof may be made without substantial detriment or derogation as aforesaid, or if the commission fails to make a determination within the time hereinbefore prescribed, the secretary of the commission shall forthwith issue to the applicant a certificate of appropriateness. If the commission determines that a certificate of appropriateness should not issue, the commission shall forthwith spread upon its records the reasons for such determination and may include recommendations respecting the proposed construction, reconstruction, alteration, change in exterior color or demolition*. Thereupon the secretary of the commission shall forthwith by mail, postage prepaid, give notice of such determination to the applicant and to every person filing written request for such notice, transmitting therewith an attested copy of the reasons and recommendations, if any, spread upon the records of the commission.**

[The words ", alteration, change in exterior color or demolition" at each point marked * in the above paragraph were inserted in place of the words "or alteration" by Section 2 of Chapter 314 of the Acts of 1958, approved May 7, 1958 and effective June 6, 1958.

The sentence marked ** in the above paragraph was inserted by Section 6 of Chapter 429 of the Acts of 1965, approved May 5, 1965, effective June 4, 1965. The prior provision was as follows:

by the public improvement commission of the city of Boston, or by any other agency now or hereafter authorized to issue such permits, unless the application for such permit shall be accompanied by a certificate of appropriateness issued under section seven.

[The above section was inserted by Section 3 of Chapter 622 of the Acts of 1963, approved and effective August 8, 1963, Section 2 of which — deemed by the Commission not to be applicable to the above Section 7A — provided as follows:

SECTION 2. Nothing in this act shall be construed to prevent or affect the construction, reconstruction, alteration or demolition of any structure within the area defined in section one under a permit issued prior to the effective date of this act by the building commissioner of the city of Boston whether or not an exterior architectural feature is involved.]

SECTION 8. Repealed.

[The above section, repealed by Section 3 of Chapter 314 of the Acts of 1958, approved and effective August 18, 1958, provided as follows:

SECTION 8. *Notice of Demolition.* — No person shall demolish any exterior architectural feature now or hereafter in the historic Beacon Hill district until he shall have filed with the secretary of the commission on such form as may be from time to time prescribed by the commission a written notice of his intent to demolish such feature and a period of twenty days, Saturdays, Sundays and legal holidays excluded, or such lesser period as the commission, because the feature is not historically or architecturally significant or otherwise worthy of preservation, may in a particular case determine, shall have expired following the filing of such notice of demolition. Upon the expiration of such period the secretary of the commission shall forthwith issue to the person filing the notice of demolition a certificate of the expiration of such period.]

SECTION 9. *Exclusions.* — Nothing in this act shall be construed to prevent any ordinary maintenance or repair of an exterior architectural feature now or hereafter in the historic Beacon Hill district which involves no change in design, material, color or outward appearance thereof; nor shall anything in this act be construed to prevent the construction, reconstruction, alteration or demolition of any such feature which the building commissioner shall certify is required by the public safety because of an unsafe or dangerous condition.

[Section 9 in the above form was inserted by Section 4 of Chapter 314 of the Acts of 1958, approved May 7, 1958, effective June 6, 1958. The prior provision was as follows:

SECTION 10. *Appeals.* — Any person aggrieved by a determination of the commission may, within thirty days after the making of such determination, appeal to the superior court sitting in equity for the county of Suffolk; provided that within eight days, exclusive of Saturdays, Sundays and legal holidays, after the secretary of the commission mails the notices provided for by the fourth paragraph of section seven, such person files with such secretary written notice of his intention to appeal.* The court shall hear all pertinent evidence and shall annul the determination of the commission if it finds the reasons given by the commission to be unwarranted by the evidence or to be insufficient in law to warrant the determination of the commission or make such other decree as justice and equity may require. The remedies provided by this section shall be exclusive; but the parties shall have all rights of appeal and exception as in other equity cases.

[The sentence marked * in the above paragraph was inserted by Section 7 of Chapter 429 of the Acts of 1965, approved May 5, 1965, effective June 4, 1965. The prior provision was as follows:

Any applicant aggrieved by a determination of the commission may, within thirty days after the making of such determination, appeal to the superior court sitting in equity for the county of Suffolk.]

SECTION 11. *Enforcement.* — Whoever constructs, reconstructs, alters, changes the exterior color of or demolishes any exterior architectural feature now or hereafter in the historic Beacon Hill district in violation of this act shall be punished by a fine of not less than fifty dollars nor more than one thousand dollars. Whoever, after notice from the secretary of the commission, maintains any exterior architectural feature now or hereafter in the Historic Beacon Hill District in violation of this act shall be punished by a fine of not less than ten dollars nor more than one hundred dollars, and each day during any portion of which such violation is allowed to continue shall be considered a separate offense.*

The superior court sitting as aforesaid may, upon application of the commission, restrain the construction, reconstruction, alteration, change in exterior color or demolition of any exterior architectural feature now or hereafter in the historic Beacon Hill district in violation of this act and order the removal of any such exterior architectural feature constructed

or reconstructed in violation thereof and the substantial restoration of any such exterior architectural feature altered or demolished in violation thereof or the exterior color of which is changed in violation thereof.

[Section 11 in the above form, except as noted below, was inserted by Section 5 of Chapter 314 of the Acts of 1958, approved May 7, 1958, effective June 6, 1958. The prior provision was as follows:
