Mission Hill Link Bus	The Mission Hill neighborhood is located on the highest hills and points in Boston. While public transportation is available at points around and at the bottom of the Hill, Mission Hill itself lacks sufficient public transportation options. The community need for public transportation is especially prevalent among the elderly population of the Mission Hill neighborhood. NEBH has partnered with Mission Hill Link, Inc., a local non-profit organization, to provide community bus service to the Mission Hill section of Boston, for many years. NEBH funds almost half of the Mission Hill Link budget each year. In addition, the Director of Public Affairs and Community Benefits is a volunteer member of the Mission Hill Link board. Board members receive regular feedback from community riders of experiences and needs.	\$44,000	Check	Ongoing	Residents of Roxbury/Mission Hill	Mission Hill Residents-Kay Gallagher, President, Mission Hill Link

Human Resources staff meets with students throughout the internship. The students provide evaluations at the end of the internship so that the internship can be evaluated.
