Section 1.8 Governing Requirement

At all times during the term of this Agreement, RCN shall comply with all laws, rules or regulations of the municipal, state or federal governments, their regulatory agencies or commissions which are now applicable or may be applicable hereafter to the construction, installation, operation or maintenance of the OVS, including without limitation, all special laws, ordinances, or regulations now in force or hereafter enacted. SECTION 4

SYSTEM DESIGN AND CONFIGURATION

Section 4.1 Hub Distribution Centers

RCN shall design and construct an OVS using a combination of fiber optics and coaxial radio frequency ("RF") distribution. The System will have a bandwidth of no less than 860 MHz.

The System will consist of of digital transport using wavelength division multiplexing ("WDM") and 1550 nm and 1310 nm optical components connected to an 860 MHz optical node which will convert the optical signals to RF signals for distribution on a coaxial based system. Each optical node will be constructed with at least a 12 fiber bundle of single mode fibers to serve an area no larger than 150 homes passed. This design will accommodate other communications services such as telephony and high speed data.

Each optical node and its RF distribution will be powered using a zero transfer standby power supply to minimize interruptions of service caused by power outages. The coaxial cable will be jacketed for durability and performance. All splicing and RF connection will use integral sleeve pin type connectors and will be shielded with heat shrinkable tubing for weather protection.

The System will be designed and constructed to be an active two way plan utilizing the return bandwidth of 5-40 MHz to permit such services as impulse pay per view, high speed data, telemetry, telephony, and other telecommunication services. These return signals will be transmitted back to the primary headend or hub using the optical return laser in the node. The optical return laser has a return bandwidth of 5-200 MHz to allow for future bandwidth requirements. The headend site will be geographically located to serve the entire City of Boston using a digital and/or analog fiber transmission system. A hub site will be located within the City of Boston to distribute these signals.

Section 4.2 Capacity For Institutional Services

The System shall have the capacity for carrying audio, text, data or video signals. The System shall have the capacity to provide a full range of channelization and multiplexing options to meet the needs of the broadest spectrum of institutional Subscribers and Users.

Section 4.3 Narrowcasting Capability

Signal reprocessing facilities shall be available at each hub site to allow for discrete programming of some locally originated audio, video, text or data services within any hub service area. Each hub shall be interconnected sufficiently with all other hubs and adequate signal reprocessing facilities shall be provided to allow discrete programming of some locally originated audio, video, text or data signals

between any combination of hubs. The RCN may require of interested users a reasonable time period, not to exceed ten (10) business days, in which to activate said capacity.

Section 4.4 Standby Power

RCN shall comply with all national electrical and public safety standards with respect to standby power, but in no case less than four (4) hours duration at each System power location in order to maintain service in the event of power supply failure or loss. All utility safety regulations shall be followed to prevent the emergency power supplies or standby generators from powering non-functioning utility lines.

Section 4.5 Emergency Alert

RCN shall construct, install and maintain the OVS to permit the Mayor to override all audio and video channels during emergencies consistent with FCC regulations.

Section 4.6 Interconnection

The System shall be designed so as to permit interconnection with cable systems or similar communications systems.

Section 4.7 Parental Control Capability

RCN shall provide, upon request, residential Subscribers with the capability to control the reception of channels carrying potentially offensive programming, either through the use of a manual key lock device or through the addressable capability of the System. Such capability shall be provided free of charge to Subscribers who utilize a converter.

Section 4.8 Identification of Potentially Offensive Programming

RCN shall use its best efforts to identify for Subscribers local origination, pay-cable or pay-per-view programming on the Subscriber Network which may be offensive or which may be of a mature nature (but RCN shall not be obligated to interfere with satellite-delivered pay services), unless such programming has been rated by the Motion Picture Association of America, in which case said rating shall be displayed prior to cablecasting such program. RCN may delegate said identification responsibility to Users of leased channels by including a provision containing the requirements of this Section in all applicable agreements with Users of leased channels.

Section 4.9 Technical Performance

The technical performance of the OVS shall meet the technical standards promulgated by the FCC and industry standards. The Mayor shall have the full authority permitted by applicable law to enforce compliance with these technical standards.

A performance bond in this amount shall be effective throughout the term of this OVS Agreement including the time for removal of facilities provided for herein, and shall be conditioned that in the event RCN shall fail to comply with any one or more provisions of this Agreement, or to comply with any order, permit or direction of any department, agency, commission, board, division, or office of the City having jurisdiction over its acts, or to pay any claims, liens or taxes due the City which arise by reason of the construction, installation, operation, maintenance or removal of the System, the City shall, absolutely and without objection of RCN, recover from the surety of such bond all damages suffered by the City as a result thereof, within thirty (30) days after written request for same. Said condition shall be a continuing obligation of this OVS Agreement, and thereafter until RCN has liquidated all of its obligations to the City that may have arisen from the grant of this Agreement or from the exercise of any privilege therein granted. In the event that the City recovers from said surety, RCN shall take immediate steps to reinstate the performance bond to the amount of One Million Dollars (\$1,000,000). If, at any time during the term of this OVS Agreement, the condition of the surety shall change in such manner as to render the bond unsatisfactory to the City Corporation Counsel, RCN shall replace such bond by a bond of like amount and similarly conditioned, issued by a surety satisfactory to the City Corporation Counsel. Neither this Section, any bond accepted pursuant thereto, or any damages recovered thereunder shall limit the liability of RCN under this Agreement.

Section 8.2 Indemnification

RCN shall indemnify and hold the City, its elected officials, officers, employees and agents harmless against all claims in connection with this OVS Agreement, including but not limited to all claims for damage due to the actions of RCN, its employees, officers or agents arising out of the construction, installation, maintenance, operation or removal of the OVS under this OVS Agreement or otherwise arising out of or relating to this RCN, including without limitation, damage to persons or property, both real or personal. The City shall seasonably notify RCN of such claims or actions. The City Corporation Counsel shall evaluate the case for legal defense by the City of Boston Law Department or Special Outside Counsel, as the Corporation Counsel shall determine in his/her sole discretion. In such instance, indemnified expenses shall include reasonable attorneys' fees and costs, and shall be paid in accordance with City of Boston Law Department policies and practices for litigation fees and expenses. In the event Corporation Counsel declines to retain such claim or action for legal defense as aforesaid, RCN shall undertake such legal defense. In such instance, the City, acting by its Corporation Counsel, shall have the right to approve any counsel retained for its defense, which approval shall not be unreasonably withheld. In addition, in any such claim, action or lawsuit against the City of Boston, the City of Boston, acting by its Corporation Counsel, shall retain substantive and procedural control of its legal defense, however supplied, in any such claim, action or lawsuit.

Chapters 84 and 258, and any other applicable statutes or ordinances of the City of Boston, the City shall indemnify RCN against all claims for damage due to the actions of the City arising out of the City's use of the OVS. In the event such claims are against the City, the provisions of the preceding paragraph shall apply. Indemnified expenses shall include attorneys' fees and costs, and shall be paid in accordance with the City of Boston Law Department's policies and practices for litigation and expenses.

In the event that the City and RCN are co-defendants, the parties shall make a good faith effort to participate in a common defense, but the City reserves the right to have separate counsel provided for its defense if in its sole judgment its interests are not allied with the interests of RCN.

This section is not, as to any third parties, a waiver of any defense or immunity otherwise available to the City.

Section 8.3 No Limitation on Liability

None of the provisions of Section 8 or any insurance policy required herein, or any damages recovered by the City hereunder shall be construed to excuse the faithful performance by or limit the liability of RCN under this Agreement for damages either to the limits of such policies or otherwise.

Section 8.4 Notice of Cancellation or Reduction of Coverage

The insurance policies and bonds required herein shall contain an endorsement stating that the policies are intended to cover the liability assumed by RCN under the terms of this Agreement and shall contain the following endorsement:

It is hereby understood and agreed that this policy must not be canceled, materially changed or the amount of coverage thereof reduced until thirty (30) days after receipt by the City Corporation Counsel by registered mail of one (1) copy of a written notice of such intent to cancel, materially change or reduce the coverage.

If RCN fails to maintain the insurance policies required herein, the Mayor shall have the option to obtain said policies and pay for same from the letter of credit, the performance bond or both.

With each such payment, RCN shall provide the City with a statement showing the number of residential subscribers and Hotel and Hospital units covered by such payment.

(B) For each period for which Capital Contribution Fees are due and payable to the City hereunder, RCN shall calculate such amounts using the Capital Contribution Fee Calculation form appended hereto as Schedule 5. At any time, upon the request of the City or its designee, RCN shall make such forms and, if requested, supporting documentation, available to the City. RCN shall retain said documentation for at least three (3) years. All documents submitted by RCN to the City or made available by RCN for inspection by the City, including without limitation the Capital Contribution Fee Calculation forms and supporting documentation required by this Section 9.2(b), shall be kept confidential and utilized by the City only for the purposes set forth in this Agreement. Such documents shall not be disclosed to any other person or used for any purposes other than those expressly contemplated by this

Agreement, except as otherwise required by judicial or regulatory authorities having jurisdiction in respect thereof.

SECTION 10

CROSS INDEMNIFICATION

As part of RCN's obligations hereunder, RCN shall execute simultaneously a renewal agreement with the Foundation (or any successor thereto) pursuant to which RCN and the Foundation shall each indemnify and hold the other harmless against all claims or judgments for damages against the other party arising out of the programming or any other activity of the indemnifying party. Each party shall obtain an appropriate insurance policy naming the other as additional insured, in an amount not less than One Million Dollars (\$1,000,000) and in a form acceptable to the other party, to protect the right of each party under this section. Said agreement shall be substantially in the form of Schedule 3 annexed hereto.

RCN shall notify the general public of its solicitation in a manner calculated to reach residents in the areas to be solicited in advance of such solicitation.

Section 11.2 Sales Information

RCN shall provide all prospective Subscribers or Users with complete written information concerning all services and rates provided by RCN upon solicitation of service and prior to the consummation of any agreement for installation of service. The business office shall maintain a staff adequate to process complaints, requests for installation, service or repairs, and all other business in a timely and efficient manner. RCN shall maintain a service line which shall be staffed with sufficient customer service employees, twenty-four (24) hours per day, seven (7) days per week to promptly receive customer service calls and document the nature of each such complaint, as well as to receive Subscriber calls for repair service. RCN shall add additional telephone lines and service representatives when existing lines are substantially utilized or when a pattern of Subscriber complaints reflects a need for additional service employees. RCN shall make best efforts to answer, with a customer service employee or representative, an average of ninety percent (90%) of its daily incoming service calls within thirty (30) seconds, measured on a quarterly basis; provided, however, that this shall not apply to extraordinary operating circumstances. Further, except during extraordinary operating circumstances, the customer will receive a busy signal less than three percent (3%) of the time. During periods of construction, RCN shall closely monitor telephone activity and provide the Mayor with monthly reports of traffic, both in terms of answerability and time on hold. RCN shall meet with the Mayor's representative quarterly to evaluate RCN's ability to serve customers adequately with existing staff and telephone lines.

In no event shall such permission be obtained as a condition of service or continuation thereof. In the event the service requested by the Subscriber by its nature involves the transfer of information or data from the Subscriber or Household, including without limitation security services, pay per view or data transference, the ordering of the service shall be deemed to include the grant of permission by the Subscriber or Household for the making available of such information to such parties as is necessary for the provision of the service.
